

EVEN INSURANCE EMBED

Partners can enable a turnkey insurance marketplace that will match users with the insurance plan that will best meet their needs.

Application is completed on LeapLife website (with some offers completed through phone).

Personalized quotes shown will provide three levels of life insurance plans (Basic, Essential, and Elite).

Insurance Experience for the User

Users begin by filling out basic personal information including basic health information. Users will then be shown the policy quotes that best match their profile. After choosing a policy, users can customize the policy amount, duration and complete the application process on LeapLife.
